How to use this pack

There are ten puzzles for each age group, easiest first. Start with your child’s age, and move up when it feels easy. Colour a star for every puzzle solved. When all the stars for an age group are coloured, fill in the certificate.

Little and often. One or two puzzles a day keeps it fun.

Praise the effort. “You kept going after that dead end” matters more than speed.

Answers at the back. Check together and talk about how they solved it.

Levels: 1 Starter (4–5) · 2 Easy (4–7) · 3 Medium (6–7) · 4 Tricky (8–10) · 5 Challenge (8–10). Levels follow skills as well as age: if a level feels easy, move up one.
